

FABRICA  
VIRIDIS

## Quality and Environmental Policy

**GREEN FACTORY** Part of the Trukme group of companies with over 28 years of experience in the furniture manufacturing industry, creating custom furniture solutions specifically for the hospitality sector. Our 7,000 m<sup>2</sup> modern factory is combined with experience, modern equipment, efficient management processes that allow us to ensure exceptional quality of products and services, speed and professional service.

### STRATEGIC OBJECTIVES:

- **Processes focused on customer needs.** Create and maintain processes for the implementation of customer needs and expectations.
- **Top quality customer service.** To strive for the highest standards of customer service, ensuring their satisfaction and loyalty.
- **Cooperation with suppliers and partners.** Strengthen cooperation with suppliers and partners, sharing good practices and promoting joint growth.
- **Quality and compliance.** Ensure that all Fabrica Viridis products and services comply with established quality and environmental standards and legal requirements.
- **Continuous improvement.** Continuously monitor and evaluate processes in order to implement effective efficiency and quality solutions.
- **Process efficiency and advanced technologies.** Streamline operational processes by implementing advanced technologies that increase efficiency.
- **Employee competencies and communication.** Invest in raising the competence of employees and ensure effective internal communication so that all employees provide the highest quality services.
- **Waste reduction and recycling.** Reduce waste generation by increasing recycling and reuse.
- **Energy saving and nature protection.** Implement energy saving measures and reduce carbon dioxide emissions for a sustainable future.
- **Environmentally friendly materials and technologies.** Use environmentally friendly materials and technologies that reduce the negative impact on the environment.

In line with these goals, Fabrica Viridis commits to being a leader in furniture production, whose services and products are of exceptional quality, and whose production process meets sustainability standards. Together we can create a sustainable future, providing exceptional quality and protecting our planet.
